

Model	A-10	A-12	A-14
Diameter	10 Feet / 3.0 Meters 3 Composite Blades	12 Feet / 3.65 Meters 3 Composite Blades	14 Feet / 4.30 Meters 3 Composite Blades
Air Movement	HVLS - High Volume Variable Speed 120,000 cfm	HVLS - High Volume Variable Speed 175,000 cfm	HVLS - High Volume Variable Speed 240,000 cfm
Fan Weight including Mounting System	142 lbs / 65 kg	162 lbs / 74 kg	172 lbs / 79 kg

Mounting	Integral I Beam Clamping System or Bolt onto Struts. Minimum 22 inches mounting point to bottom of fan. Downrods available from 18.5 inches to 49 inches. Others on Request.
Motor	Patent Pending, Maintenance Free, Infinite Variable Speed, Sensorless, Brushless DC (BLDC).

Electrical	100VAC-240VAC Single Phase 50 or 60 Cycles, CE Listed, UL recognized, PFC, Automatic Voltage Selection Power Supply. Full Load .4KW Control Wiring UTP – Cat 5 or CAT 6	100VAC-240VAC Single Phase 50 or 60 Cycles, CE Listed, UL recognized, PFC, Automatic Voltage Selection Power Supply. Full Load .6KW Control Wiring UTP – Cat 5 or CAT 6	100VAC-240VAC Single Phase 50 or 60 Cycles, CE Listed, UL recognized, PFC, Automatic Voltage Selection Power Supply. Full Load .8KW Control Wiring UTP – Cat 5 or CAT 6
Available Plug Configurations	NEMA 5 and 6 Standards in North America Middle East B/C/G others by request		

Maintenance Schedule	Mechanical: None Electrical: None Recommended: Annual Wipe Down and General Inspection
----------------------	--

Warranty	The Patent Pending motor carries a lifetime warranty. Everything else is 15 Years 100% Parts Cross-ship Replacement. Specifications subject to change without notice.
